

Declaration of Conformity

Revised on 11.06.2013

Business

RG Rom Gummi A/S
Neptunvej 1
DK-7620 Lemvig

RG Rom Gummi A/S hereby declares that all the products of our RG Detectline range from the manufacturer

Detectamet Ltd.
Unit 55, Halifax Way,
Pocklington,
York, YO42 1NR
England

which has issued a Declaration of Conformity to this effect, are produced from primary products which are suited and approved for food contact, cf. EU Regulation 1935/2004, 10/2011 (Articles 15 and 16 plus Annex 4) and 2023/2006.

Traceability and migration test

The products are marked in a way facilitating quick and efficient screening and withdrawal. The traceability is adjusted to the individual product by way of batch numbers within the areas of raw materials and outer package. For further information on the individual product, please see the data sheets which you find on www.rgdetectline.dk and which contain information on traceability, temperature for application, limitation and field of application as to food. These data sheets may be used in connection with the self-control of the business.

Good Manufacturing Practise (GMP)

The production facilities producing the above products live up to the requirements of Good Manufacturing Practise (GMP), Directive 2023/2006/EU.

Conclusion

With this document we guarantee that the products of RG Detectline's range comply with the Danish Executive Order No. 1068 and EU Regulation 1935/2004/EU and 2023/2006/EU.

Yours sincerely,
RG Detectline.
